

Four key areas of difference

Every child on the autism spectrum will have a range of abilities within each of these areas. Many pupils on the spectrum have high levels of anxiety. Pupils on the autism spectrum have differences in:

Interacting

...the way they interact, play and develop relationships

Processing Information

...their attention, interests and how they learn.

Sensory Processing

...taking in and perceiving sensory information. This may include hyper (high) or hypo (low) sensitivity to the 5 senses, as well as balance and body awareness.

Communication

...the way they communicate, understand and use language.
