

False Belief Task (Kerstin and Martin go for a picnic)

(Illustration based on Sally and Anne False Belief Task in Frith, U., 1989, Autism: Explaining the Enigma)

Martin and Kerstin go for a picnic. They have a picnic basket each.

This is Kerstin

This is Martin

Kerstin puts her favourite champagne into her picnic basket.

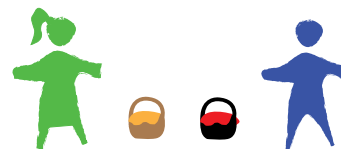

She goes off to the river for a swim.

Whilst she is there, Martin moves Kerstin's champagne to his picnic basket.

When Kerstin comes back, she wants to open the champagne.

What basket does Kerstin think her champagne is in?
